Hi Raymond H. Chan,

We are happy to inform you that, based on the evaluation of the reviewers and the recommendation of the assigned Action Editor, your TMLR submission "2797: Single-Shot Plug-and-Play Methods for Inverse Problems" is accepted as is.

To know more about the decision and submit the deanonymized camera ready version of your manuscript, please follow this link and click on button "Camera Ready Revision": https://openreview.net/forum?id=vXevE43NxF. Please submit the final version of your paper within 4 weeks (Nov 19).

In addition to your final manuscript, we strongly encourage you to submit a link to 1) code associated with your and 2) a short video presentation of your work. You can provide these links to the corresponding entries on the revision page.

For more details and guidelines on the TMLR review process, visit jmlr.org/tmlr.

We thank you for your contribution to TMLR and congratulate you for your successful submission!

The TMLR Editors-in-Chief
